To Whom It May Concern,

Our company has had the honor and pleasure of being a Consumers' Choice Award recipient for the past four years. During this period of time, we have been impressed by the integrity and professionalism of Jeffrey Chernoff and his staff. They are truly advocates who are concerned with promoting the welfare of customer-focused businesses.

Our company is located in an intensely competitive market. We use the CCA logo in our marketing materials and find that it gives added credibility to our brand and differentiate our company from the competition.

Our employees use every opportunity to share the Consumers' Choice Award story with our customers and vendors. They take pride that their efforts are recognized by the members of our community. It motivates them to strive harder to provide exceptional customer service.

Best Regards,

Suzanne Brown
President

Dobson's SINCE 1973
FlooringAmerica.
With you every step of the way.
