Dear Jeff,

I am writing to say "Thank you" for all you and the Consumers' Choice Award have done for National Telesystems.

We are obviously honored by the award itself, but your organization has made it so much more. By your promoting the award through advertising and press releases, it has become a torch we always proudly stand with. Not only is the Consumers' Choice Award emblem displayed on the cover of every proposal we present, it is attached to every email and letter we send. Our salespeople wear the honor with pride, and we can directly attribute a substantial increase to our bottom line due to this outstanding honor.

In addition, at the business functions that the Consumers' Choice Award organization has sponsored, we have met and shared ideas with some of the finest businessmen in the Dallas – Fort Worth area. We have had the opportunity to use many of the services these other award winners provide, and it is obvious why they were honored with this award. On the other hand, several of these business owners have purchased telephone systems and services from us. Not only are they quality companies, but they are quality customers. And every businessman appreciates a quality customer.

At the risk of bragging on your organization too much, we have also found the business breakfasts and free seminars outstanding. Jeff, I have come out of every one of these meetings enthused and with ideas on helping our business. You truly do an outstanding job with these functions.

As you can tell, I am a strong advocate of the Consumers' Choice Award organization. We truly appreciate all you do.

I look forward to seeing you at the next function.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Landon".
